Born in Albany in 1960, I graduated at year 12 from Albany Senior High School, having enjoyed a childhood with incredible freedom and with high involvement in Athletics, Hockey and state representation in Sailing.

My first job was drafting with Main Roads Albany, then to Perth to complete a 3 year Technical Diploma in Civil Engineering. Working in engineering drafting at Main Roads, City of Perth and Westrail, I then furthered my studies graduating in Naval Architecture followed by setting up a new business, which went on to trade internationally supplying designs and aluminium kit sets for commercial vessels, until my retirement.

I am married, with one daughter and two grand children.

My wife and I moved to Bremer Bay on Point Henry in 2010.

I am passionate about sport, community, environment, sustainable fishing, camping and 4WDing. Bremer Bay is a wonderful part of our amazing planet with so much to offer the community.
