FOREMAN, Neil

I moved to Jerramungup as a 23yo shearer from Narrogin in December 88. The vibrant community which was and still is steeped in volunteering and sporting pursuits, was the main persuader for me to stay. I then took a role with the local fuel supplier and delivered fuel throughout the district. In 2003 I started working for Wray Agencies as a stock agent for Wesfarmers (now known as Nutrien Ag Solutions) this grounding led my partner and myself to purchase this business in '07, so began "Foreman Rural" which we are the current owners of. In March we purchased Hassell District Traders, and in there we've set up a hardware store and are obtaining the licence for the Post Office. We have 2 young kids to complete our family. I hope to share my sporting, business & family experience within my role.
