

SHIRE OF JERRAMUNGUP

Paperbarks Park Ablutions Public Art Survey

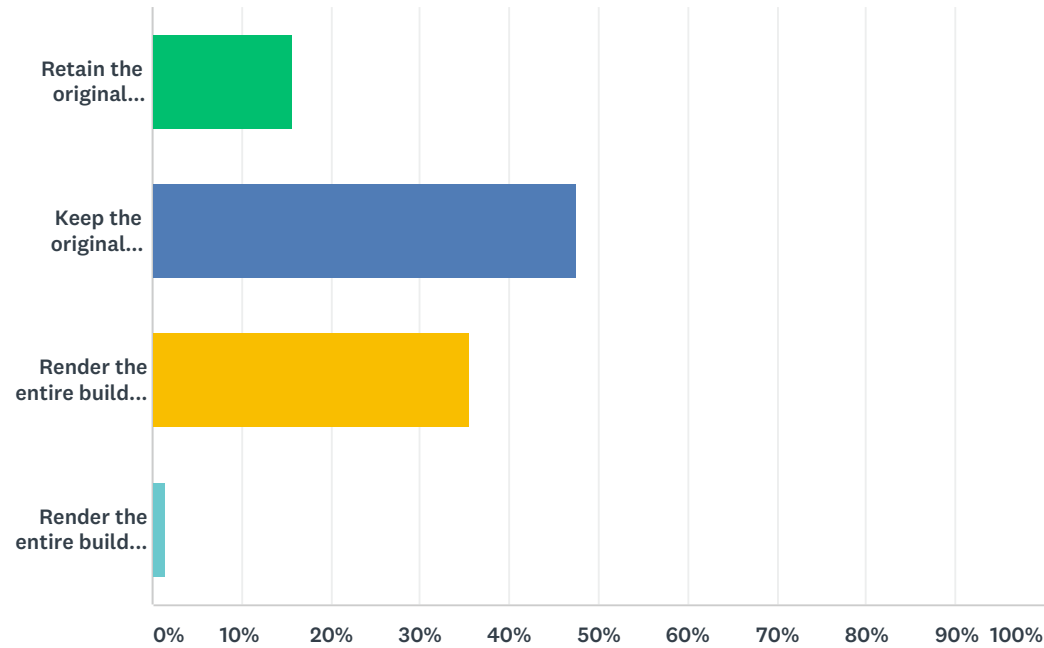

**WE ARE SEEKING YOUR FEEDBACK.
NOW'S YOUR CHANCE!**

OPEN FROM 28/03/2019 TO 23/04/2019

Survey forms are available from the Bremer Bay
Community Resource Centre or you can
participate online via the following link:
<https://www.surveymonkey.com/r/XLR7C2Y>

Q1 How do we best upgrade the front of the existing building to compliment the refurbishment and new unisex accessible toilet addition?

Answered: 141 Skipped: 0

ANSWER CHOICES	RESPONSES	
Retain the original artwork on the front of the building and abstain from works being carried out at the front of the building.	15.60%	22
Keep the original artwork as it is and render the brickwork around the mural in a colour matching the render of the remaining building.	47.52%	67
Render the entire building and run a public art competition inviting local artists to submit draft designs for new public art to decorate the front of the building.	35.46%	50
Render the entire building and don't reinstate any public art.	1.42%	2
TOTAL		141

Q2 Please let us know any other feedback you may have for this project here:

Answered: 66 Skipped: 75

#	RESPONSES	DATE
1	Yes, refit interiors but leave the outer artworks alone	4/24/2019 10:23 AM
2	Keep original artwork and render around or render the lot and put original artwork back on.	4/24/2019 10:22 AM
3	Just put up something different but not boring.	4/23/2019 1:39 PM
4	Leave the art work as is & add to it after the rendering is finished to fill in the blanks <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	4/23/2019 12:30 PM
5	.	4/23/2019 11:03 AM
6	N/A	4/23/2019 11:00 AM
7	On wards and up wards Bremer Bay - the loos need some tlc to make them Easier for cleaning	4/23/2019 10:48 AM
8	Reproduce a high quality image of the mural onto t-shirts and towels and market as a Bremer Bay fund raiser.	4/23/2019 10:42 AM
9	Everyone carrying on about an orca, they are not the attraction to our amazing town.	4/23/2019 10:35 AM
10	Move with the times Bremer. The toilet block is an eyesore. The artwork is not a significant one and with the meter box in the middle of it looks silly anyway. A nicer artwork could be done on a new building. This paint and mural will fade over time anyway so you shouldn't base the renovations around it. What is the lifespan of the paint? Was embarrassing to have portaloos there over summer. Bremer people need to learn to appreciate the significant investment that had been made in their town that other towns/areas in the shire don't get. Take the money this has cost and spend it on the boxwood change rooms. Things change and to be a tourist town you have to move with the times, here is a chance to upgrade the toilet block, move the meter box and put in some better artwork	4/22/2019 3:57 PM
11	maybe there is some sealant that can preserve the artwork from further fading. would be good to have the name of the artist on the works also.	4/19/2019 10:03 PM
12	outside showers would be useful	4/18/2019 1:32 PM
13	Would like to see the artwork kept even if it has to be reproduced after the wall is rendered. The toilet block is way overdue for an update but the mural is now part of the picnic grounds	4/15/2019 1:12 PM
14	Leave it as it is, it is representative of Bremer Bay ocean wildlife, orcas aren't the only thing to be found here.	4/11/2019 3:58 PM
15	That is my vote, which I have given without knowing the plans for the extension, so would like to see the extension plans - is the plan to extend at the front?	4/3/2019 6:11 PM
16	The artwork is an important part of the history of this town and it would be very sad to see it go. Often we get caught up in making things look "new" and forget that people who visit places like Bremer Bay love to know the history behind why things are where they are and who was involved.	4/3/2019 12:37 PM
17	At a BBCDC meeting late last year, I had the impression that the cheapest option was to replace this building, in which case a photographic facsimile would be ideal. I believe this would be OK with the original artist (Julie Outram). If you now propose to renovate the building, male and female toilets at either end of the building, and disabled access in the middle. Showers on the outside please. This really should have been attended to before the playground, as the area attracted more visitors, and four green/blue lavatories standing in a line was not a good look.	4/3/2019 11:44 AM
18	It would be great to involve as many community members as possible in the process and make it a community art project. This will create greater ownership and respect of the finished artwork. I think it's time for a change, the Shire has been doing such a great job of refreshing its facilities that it would be a lost opportunity not to have a new piece there. Good luck with the decision.	4/1/2019 11:52 AM
19	ramp or easier walking to front entry of the building Doors on shower cubicals. More toilets.	4/1/2019 10:23 AM

20	Is the painting in good condition to last many more years? If it doesn't have much life left. It could be photographed and reproduced in many different ways into the building?? Printed into Shower screens, internal wall tiles, external feature pieces. Interactive playground wall panels. Any number of things could be created with the imagery.	4/1/2019 8:19 AM
21	None	3/31/2019 1:41 PM
22	I don't understand why rendering the brick work is a priority. For some reason bricks are considered unfashionable, but I feel this building is perfect with the bricks exposed. While rendering the bricks may give the building a modern look, it will also make the walls more attractive for unsightly graffiti and the render will become aged and perhaps even crack in the next twenty years. Whereas the brickwork in its current state would look no different in 20 years. I'm sorry I haven't seen a document outlining the plans, despite a thorough search on the Shire of Jerramungup website. Is there a document on the website showing the plans for the upgrade works on this building? It was very hard to find anything actually on the website...	3/31/2019 8:29 AM
23	Outside shower	3/30/2019 11:03 AM
24	Refresh as you go and the town site is looking great with the changes ☺	3/30/2019 10:43 AM
25	If u get rid of the artwork ur taking more history away from bremer	3/30/2019 9:15 AM
26	I think rendering the old building will make it look new. I think the texture of the bricks on the mural will look tacky after the rest is rendered. Time for some new art.	3/30/2019 8:50 AM
27	It has been there as long as I can remember ..	3/30/2019 7:25 AM
28	Keep brick building maybe just render it but prefer original art work to stay maybe even add to it	3/30/2019 12:57 AM
29	Do up the inside instead	3/29/2019 10:46 PM
30	Would be wonderful to keep this original artwork as it was done by local artists and we've grown up enjoying it, is a great way to connect generations when we can preserve historical elements of a small but growing town.	3/29/2019 9:09 PM
31	Include showers as well as toilets in the new block	3/29/2019 8:51 PM
32	Just leave it alone	3/29/2019 8:50 PM
33	I think it should still stay the same kind of theme (under the sea) but just get a new painting	3/29/2019 8:45 PM
34	Please retain the original artwork a lot of local people especially children were involved in this	3/29/2019 8:25 PM
35	Needs a whole new building Local artists could paint something new	3/29/2019 6:58 PM
36	Should be a picture of a killer whale as bremer bay is Australia's hot spot and people would find it cool to get a pic	3/29/2019 5:13 PM
37	Mosaic the original piece of art but also add a lot more in with the picture	3/29/2019 5:08 PM
38	Please keep it, it means so much to a lot of the locals (particularly those who were involved) and a lot of tourists love it (just google image "bremer bay whale mural" and at least 5 or 6 different photos of it come up. I understand there needs to be a few upgrades but covering the whale seems ridiculous and unnecessary.	3/29/2019 5:05 PM
39	I feel that the building is old and run down and the artwork is very dated. I feel that there are plenty of talented artists around that could do some wonderful street art on a new and improved facility.	3/29/2019 5:02 PM
40	Keep the original artwork	3/29/2019 4:55 PM
41	This art work is part of Bremers history and should be retained, there is precious little of Bremers history to be seen today and the town has been there for what must be close to a century, the interior of toilets can be changed without that art work being affected, my family have been going to Bremer since 1972 and I have owned a house for 25 yrs	3/29/2019 4:39 PM
42	Art that represents the nearshore coastal habitat like the existing southern right on the new building will be wonderful	3/29/2019 4:34 PM
43	The same design could go back on also. That I thought was the suggestion at the beginning of the survey. Paint over the render.	3/29/2019 3:32 PM
44	Love the existing whale but rendering around it would look strange. Definitely a sea theme for the replacement art and maybe several artists on different walls?	3/29/2019 2:26 PM
45	The block can easily be updated with little cost. The side of the building can be painted (not rendered) at less cost or even a working bee. Internally just minor upgrades. Retro is now in fashion. A separate unisex disabled building can be built next to it.	3/29/2019 2:24 PM
46	include aboriginal artist's and acknowledge the traditional owners of this land	3/29/2019 1:27 PM

47	Give the building a upgrade inside and outside leaving the Art work there as it has become quit a icon when you talk to people that visit Beautiful Bremer Bay.	3/29/2019 9:49 AM
48	This was done, as I remember, at the suggestion of the (long gone) Progress Association, and carried out by Julie Outram and Corinne Hobbs. It has never been vandalised, apart from a small tag on the box. For history's sake, save it.	3/29/2019 9:03 AM
49	A change room for baby	3/29/2019 8:29 AM
50	The toilets are old and rundown. Definitely needs a face lift inside and out. New art work by a local artist or even the school kids would be amazing. Out with the old, in with the new.	3/29/2019 8:09 AM
51	I think it is important to keep the artwork as it has been part of Bremer Bay for so long. It would be very sad to see it go unless the same artist is happy to redo the Mural...	3/29/2019 8:06 AM
52	I am all for improvement and growth in small towns and not hanging on to 'the old' just because it's always been that way but the existing mural has become a part of Bremer bay history. If a whole new building is the best option Can the existing mural somehow be archived and reinvigorated? Maybe a high quality photo and a new digitally remastered version becomes a new piece of art work (either on the new toilet wall or elsewhere in town).	3/29/2019 7:52 AM
53	Please leave original artwork!!! Leave some of the original Bremer bay as it is.	3/29/2019 7:43 AM
54	That artwork has been great but served its time. I'd like to see elements of it in new artwork on the front of the building	3/29/2019 7:38 AM
55	We can't live in the past - things need updating and keeping up with the large crowds we experience - it is a lovely art work but we must be sensible	3/29/2019 7:29 AM
56	After visiting Bremer Bay for the first time in 15+ years it was so refreshing to see that the same artwork was still there. I was able to show my friend from Bolivia and explain that it had been there for as long as I remember	3/29/2019 7:15 AM
57	It's a toilet block! Keep the refurb simple, solid and functional.	3/29/2019 7:13 AM
58	Orca art would be awesome	3/29/2019 7:00 AM
59	Have wheelchair access	3/29/2019 6:59 AM
60	It would be good to see some Aboriginal artwork that depicts the whale	3/29/2019 6:56 AM
61	Must include Aboriginal art	3/29/2019 6:51 AM
62	The original artwork could be redone once the project is complete.	3/29/2019 6:50 AM
63	Try and keep the artwork intact and place it somewhere else within the town.	3/29/2019 6:42 AM
64	Modern street art would look amazing	3/29/2019 6:40 AM
65	The building needs a proper upgrade leaving an unrendered patch will look very average. This is a great chance to get some vibrant new artwork on the front. Why is this even an issue! Be progressive Bremer people! The shire should not be dictated to by a small minority of Bremer people who don't want change. If you want your town to be a tourist destination you need to provide facilities! It was embarrassing to see portable toilets there over summer and no showers. It is not heritage listed. Get with the times and get rid of the average mural.	3/29/2019 6:39 AM
66	Would be great to see something similar to original painting, but updated.	3/29/2019 6:36 AM
