Jerramungup, Shire Of (4130)      Bremer Bay (LOCB)

## Map References:

BM27/17.31

Y

## Display Name:

Gnombup

## Origins and History:

The name was derived from the swamp onto which the lots in this street back. The swamp is spelt Gnornbup Swamp not Gnombup Swamp.

14th September, 1971. 1916

Chairman,  
Nomenclature Advisory Committee,  
c/- Department of Lands and Surveys,  
Cathedral Avenue,  
PERTH 6000

Dear Sir,

Your Reference: 933/64

Reference your letters of the 25th March, 1971, and 24th June, 1971.

Council submits the name "Gnombup" for the section coloured brown,  
in view of the fact that industrial sites will back to Gnombup Swamp.

According to the plan you sent, this road is within the townsite  
boundary, but a Town Planning Department plan of the area shows the  
road outside the boundary, and therefore retaining the name of the  
arterial road leading in to Bremer.....and if this is the case we thought  
"Gnombup Terrace" could apply to the street portion segregated from  
the main road as shown on the attached plan copy.

Would you please use the name "Gnombup" in the manner most suitable for  
the area to be named.

Yours faithfully,

  
E.L. CHOWN  
SHIRE CLERK

SUPT. OF MAPPING BCH.

(M80)

DS

1. Survey Examination Branch requested a street name to complete a new sub division within the townsite of Bremer Bay.
2. The Local Authority has confirmed that the road in question is currently outside the townsite boundary and in consequence part of the existing Bremer Road however it is proposed that the portion of road fronting Lots 136 to 143 will be developed as a service road and accordingly it is requested this be named **GNOMBUP TERRACE**, derived from the swamp on to which these lots back.
3. Your formal approval for the name **GNOMBUP TERRACE** to be applied to the service road as indicated on the plan p.p. is requested.
