Shire of Jerramungup
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31st May 2013

1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this statement of financial activity are:

(a) Basis of Accounting

This statement is a special purpose financial report, prepared in accordance with applicable Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 11.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

(f) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

(g) Trade and Other Receivables

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Inventories

General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs of necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of the cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Land	0%
Buildings	2%
Furniture and Internal Equipment	15%
Computers and Computer Equipment	33%
Light Vehicles if replacement is due

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31st May 2013

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Trade and Other Payables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the local government prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

(l) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

Comments - Net Current Funding Position

At present the invoice for the Bremer Bay Town Centre contribution has been processed but payment has been withheld until the finalisation and payment of the MRWA invoices associated with flood damage and the Swamp Road Project. As such the real cash position of Council is \$676k higher than stated in this report.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31st May 2013

Note 5: MAJOR VARIANCES

Note: Where material variance is caused by timing differences between actual and budgeted expenditure or income a comment is generally not provided.

Comments/Reason for Variance

5.1 OPERATING REVENUE (EXCLUDING RATES)

5.1.1 GRANTS, SUBSIDIES AND CONTRIBUTIONS

Flood damage grant remains outstanding but will be finalised before end of financial year.

5.1.2 PROFIT ON ASSET DISPOSAL

Timing difference - Graders have been disposed

5.1.3 FEES AND CHARGES

Variance relates to Private Works Associated with Point Anne Project - offset by corresponding expenditure.

5.1.6 SERVICE CHARGES

5.1.7 INTEREST EARNINGS

Likely to be less than budgeted due to current market conditions and level of cash held throughout this financial year.

5.1.8 OTHER REVENUE

5.2 OPERATING EXPENSES

5.2.1 EMPLOYEE COSTS

5.2.2 MATERIAL AND CONTRACTS

Difference largely relates to expenditure budgeted on Regional Waste Facility.

Expenditure is now booked through trust account and have no net impact on Council's cash position.

5.2.3 UTILITY CHARGES

5.2.4 DEPRECIATION (NON CURRENT ASSETS)

5.2.5 INTEREST EXPENSES

5.2.6 INSURANCE EXPENSES

Insurance expenses are paid in July and September each financial year however the budgeted impact is spread out across the whole financial year. There is no material variance expected in this expenditure classification for 2012/2013.

5.2.7 LOSS ON ASSET DISPOSAL

5.2.8 OTHER EXPENDITURE

Variance relates to plant allocations, overheads and plant depreciation allocated to capital works accounts from the operating statement.

Shire of Jerramungup
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31st May 2013

Note 5: MAJOR VARIANCES

Note: Where material variance is caused by timing differences between actual and budgeted expenditure or income a comment is generally not provided.

Comments/Reason for Variance

5.3 CAPITAL REVENUE

5.3.1 GRANTS, SUBSIDIES AND CONTRIBUTIONS

CLGF funds still to be received but expected mid June. Timing difference only - 12/13 allocation of Royalties for Regions is currently being processed but contingent on commencing Bremer Bay Town Centre project.

5.3.2 PROCEEDS FROM DISPOSAL OF ASSETS

5.3.3 PROCEEDS FROM NEW DEBENTURES

Timing difference only.

5.3.4 PROCEEDS FROM SALE OF INVESTMENT

5.3.7 TRANSFER FROM RESERVES (RESTRICTED ASSETS)

Will be carried out once term deposit expires.

5.4 CAPITAL EXPENSES

5.4.1 LAND HELD FOR RESALE

5.4.2 LAND AND BUILDINGS

Projects associated with Bushfire sheds may be deferred to next financial year pending land tenure and Council funding for preliminary earthworks.

5.4.3 PLANT AND EQUIPMENT

Variance relates to Bushfire Appliance for Boxwood which was unbudgeted but fully funded by DFES. The rest of the plant acquisitions have been completed.

5.4.4 FURNITURE AND EQUIPMENT

5.4.5 INFRASTRUCTURE ASSETS - ROADS

Swamp Road Construction Project was delivered significantly over budget. This project overspend will be resolved through reduction in scope through the rest of the transport program. Bremer Bay Town Centre will commence construction in June.

5.4.6 INFRASTRUCTURE ASSETS - OTHER

Roe Park Synthetic Surface complete.

5.4.7 PURCHASES OF INVESTMENT

5.4.8 REPAYMENT OF DEBENTURES

5.5 OTHER ITEMS

5.5.1 RATE REVENUE

5.5.2 OPENING FUNDING SURPLUS(DEFICIT)

The opening balance for 2012/2013 was impacted by a change in classification of the income associated with the Regional Waste Management Project. A total of \$650,174 was transferred from Council restricted cash to the trust account. \$875,171 in muni funds was budgeted for Regional Waste Management Expenses and this will no longer be charged to the Municipal account - instead coming from the trust account. The remaining difference has been considered in the budget review and is not expected to impact materially on Council's end of year position.
