20 April 2020

Charmaine Solomon
Deputy CEO
Shire of Jerramungup
8 Vasey Street
JERRAMUNGUP WA 6337

Dear Charmaine,

RE: Transfer of Boxwood Hill Dam and Catchment (Reserve 30274) to Shire of Jerramungup

Further to our previous discussions, I write to advise that the Water Corporation is prepared to consider transfer of the land (and all associated infrastructure) as shown on the attached diagram to the Shire of Jerramungup, under the following arrangement:

1. The Shire accepts the transfer of the entire Reserve 30274, as delineated by the red boundary on the map over leaf. This land includes the Boxwood Hill Dam and catchment.
2. The reserve and all associated infrastructure is transferred in its current state and condition, and the Shire accepts responsibility for the future operation and maintenance of the infrastructure.
3. The Shire will cover all costs associated with the transfer of Reserve 30274 to the Shire (Note: Transfer costs in this case are expected to be nominal).

Once the Water Corporation has received a Council Resolution confirming acceptance of the above, please send a letter confirming such to our Property Portfolio Manager (brian.handcock@watercorporation.com.au) so that our formal due diligence process can commence. Once executive approval has been received, the Water Corporation will prepare a transfer request for submission to DPLH.

Please note that as this transaction involves crown land, DPLH will ultimately be responsible for approving any transfer and this may be subject to conditions. However, the Water Corporation will support the transfer and assist wherever possible to ensure timely resolution.

Yours faithfully

Adrian Stewart
