25/03/26	Development Application – Lot 112 (43) Horse Hill Road, Bremer Bay	OCM260307	<p>That Council refuse Development Application P26-006 for a Reception Centre, Tourist Accommodation, Signage and associated works on Lot 112 (43) Horse Hill Road, Bremer Bay for the following reasons:</p> <ol style="list-style-type: none"> 1. The proposal is not consistent with the provisions of the Shire of Jerramungup Local Planning Scheme No. 2, specifically the objectives of the ‘Rural’ zone: <ul style="list-style-type: none"> - To ensure the continuation of broad-hectare farming as the principal land use in the district and encouraging where appropriate the retention and expansion of agricultural activities where the land is capable of such development. - To consider non-rural uses where they can be shown to be of benefit to the district and not detrimental to the natural resources or the environment. - To allow for facilities for tourists and travellers, and for recreation uses. - To help protect rural land from land degradation and further loss of biodiversity by: <ul style="list-style-type: none"> • Minimising clearing of remnant vegetation. • Encouraging retention and protection of remnant vegetation. • Encouraging development and protection of vegetation corridors. • Encouraging development of sustainable surface and sub-surface drainage works. • Encouraging rehabilitation of salt-affected land. • Encouraging soil conservation through land management measures. • Encouraging identification and protection of wetlands. 	MoD		In progress

			<ul style="list-style-type: none"> - To promote the sustainable management of natural resources, and the prevention of land degradation. 2. The scale of the development will have a negative impact on the amenity of adjoining properties. 3. The Tourist Accommodation (Eco Tents) are all located at the extremity of the site and the ability to evacuate these if a fire is approaching would be difficult. Eco Tents are inherently vulnerable in bushfire conditions. 4. The provided Site Classification Report provided as part of the application is not related to the application as it only deals with an ancillary unit and a two-bedroom dwelling not the proposed development and as such it has not demonstrated that the site can accommodate the proposed development. 5. The provided 'Wastewater Report' is not a report or detailed study based on the Applicant's proposal. It is simply a quotation and proposed product details and does not demonstrate that the site can accommodate the development. 6. The Local Planning Strategy for Area 17 (Point Henry Peninsula) requires all proposals for development on 'Rural'-zoned lots to be assessed against the Point Henry Limited Rural Strategy 1991, and to comprehensively address issues including environmental assessment, land capability, visual impact, effluent disposal capability, water management and drainage, and servicing and this has not been demonstrated.

Supports the continuation of the current biennial election cycle and voluntary voting system, for local government elections in Western Australia, recognising that these arrangements provide stability, continuity of governance, and a cost effective model for small regional local governments. 			<ol style="list-style-type: none"> 2. Opposes the proposed introduction of four-yearly full spill elections, noting the potential loss of corporate knowledge, increased governance risk, and disruption to long-term strategic planning that may arise from the complete turnover of elected members. 3. Opposes the introduction of compulsory voting for local government elections, acknowledging the disproportionate administrative burden this would place on small rural local governments and the limited benefit it is likely to deliver in communities with relatively small elector bases. 4. Requests that the State Government retain the current electoral arrangements for local government elections, particularly for small regional councils, to ensure governance stability and minimise additional regulatory and administrative burden. 5.
