6.0 PUBLIC TIME

6.1 PUBLIC QUESTION TIME

Michael Lance asked if the upgrade of Fishery Beach boat ramp and jetty is still going ahead this year as planned?

Cr Lester advised that the tender submissions received were above the budgeted amount and were therefore rejected. We will be reviewing the scope of works and going back out to tender later in the year.

Michael Lance asked if the boat ramp will be useable during the busy Christmas period?

The Chief Executive Officer advised that the Shire will continue to monitor the boat ramps and will complete minor works as necessary so they are able to remain open.

Michael Lance asked if the marina upgrade at Fishery Beach proposed by Department of Transport is still going to go ahead?

The Chief Executive Officer advised that Department of Transport have completed a business case and are continuing to lobby and submit submissions to the State

Government for funding. Council support this project and also continue to lobby Politicians and Ministers at any opportunity.

Michael Lance asked if the public can also lobby and contact local Politicians regarding this?

The Chief Executive Officer advised yes they can.

Michael Lance asked what is going to happen with the UCL and the South West Native Title Settlement and will the public retain access to the beaches located within this UCL?

The Manager of Development advised it is not a Council decision, we have only been able to provide comment. Shire's comment emphasised that access to coastal locations was a major issue and suggested land having access be put into reserve. Council has not heard anything further.

Mapping is available on Shire website and the Manger of Development invited Michael to see him at office to discuss further if required.

Tara Pittard asked what is an acceptable timeframe to receive a response to a letter sent to the Shire? Has contacted the Shire numerous times but has not received a response.

The Chief Executive Officer apologised to Tara for the lack of response.

Tara Pittard asked if kerbing is going to be completed on Frantom Way? Hot mix was completed but no kerbing and the road looks unfinished. Advised that they quoted kerbing to various companies submitting tenders.

The Chief Executive Officer advised that kerbing was not included in the tender scope of works and therefore will not be completed in the near future.

Tara Pittard asked who is responsible for the fence washing out into the ocean when the Bremer Bay River broke and who was responsible for pulling this fence down? Advised that concerns have been raised in the past as it has washed out into the ocean before and wire and debris is now floating in the ocean.

Cr Iffla advised this was discussed at a BBCDC meeting the day before the river broke and FBG were going to look into this. Many locals didn't think the River was about to break so soon and more time would have been available to remove.

The Manager of Works advised he received a phone call at 8:30pm the night before the river broke. He sent staff there in the morning however it was deemed too risky for the staff to pull it down. The Manager of Works advised that the Shire will be looking into other ways of protecting the dunes to ensure we get it right and protect the environment correctly.

Tara advised locals would prefer signs rather than fencing.

Michael, Sue and Tara left the meeting at 2:33pm and did not return.

Reports and Information:Plant

There are two work vehicles that are out of service (broken down), The Triton dual cab Ute had broken the timing belt earlier in the year and parts have been difficult to obtain, we are still seeking the required parts to have the vehicle serviceable again.

Three weeks ago a staff member drove through some water whilst out on road inspections, some water entered the air intake and has caused an issue with the motor, we are seeking advice on what and how much the repairs will be.

Continuing regular maintenance and servicing on other plant and machinery.

Capital Works:Jerramungup North Road

Gravel sourced pushed up for the roadworks, sub-base formed up and will need to be reworked prior to laying in the base road gravel, and due to the rain, and the works have been delayed.

Boxwood Hill DWER Project.

In Progress – The works on Circuit Road will involve reshaping the existing road from a two way cross fall to a one way cross fall, directing all the road water (1000 meters of catchment) to a low point of the road and then directing the water along an existing track to Dam 2 (Boxwood Storage).

The existing gravel pit (off circuit Road), cleared from overburden and gravel has been pushed up for the works on Circuit Road and Heath Street, the crew are now working on this.

Construction of water tanks, Boxwood Hill Sports Grounds – The second tank was installed on 18 August.

| Date of Report: | 18 August 2021 |
| Attachments: | a) Monthly Financial Report for the period ending 31 July 2021 |
| Authority/Discretion: | Information |

SUMMARY:

For Council to note the statement of financial activity for the period ended 31 July 2021 as required by the *Local Government Act 1995* ('the Act').

Pursuant to section 6.4 of the *Local Government Act 1995* and regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* ('the Regulations'), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the Shire's financial performance in relation to its adopted/amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the Shire's financial performance on a year to date basis for the period ending 31 July 2021.

BACKGROUND:

At its meeting held 28 July 2021 (Minute No. OCM210706 refers), Council adopted the annual budget for the 2021-22 financial year. The figures in this report are compared to the adopted budget.

It should be noted that these reports do not represent a projection to the end of year position or that there are funds surplus to requirements. It represents the year to date position to 31 July 2021 and results from a number of factors identified in the report. There are a number of factors that influence any variances, but it is predominately due to the timing of revenue and expenditure compared to the budget estimates. The notes to the statement of financial activity identify and provide commentary on the individual key material revenue and expenditure variances to date.

The following detail is included in the financial report:

- The annual budget estimates.
- The operating revenue, operating income, and all other income and expenses.
- Any significant variations between year to date income and expenditure and the relevant budget provisions to the end of the relevant reporting period.
- Identify any significant areas where activities are not in accordance with budget estimates for the relevant reporting period.
- Provide likely financial projections to 30 June for those highlighted significant variations and their effect on the end of year result.
- Include an operating statement.
- Any other required supporting notes.

Additionally, and pursuant to regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 28 July 2021, Council adopted (Minute No. OCM210706 Officer Recommendation 4 refers) the following material variance reporting threshold for the 2021-22 financial year:

Officer Recommendation 4: That Council ADOPT a material variance level of 10% with a minimum \$10,000.00 variance for the 2021/2022 financial year for monthly reporting purposes.

CONSULTATION:

Internal consultation within the Finance Department and Council's financial records.

In accordance with section 6.2 of the *Local Government Act 1995*, the annual budget was prepared having regard to the Strategic Community Plan, prepared under section 5.56 of the *Local Government Act 1995*.

COMMENT:

The financial report contains annual budget estimates, actual amounts of expenditure, revenue and income to the end of the month. It shows the material differences between the budget and actual amounts where they are not associated to timing differences for the purpose of keeping Council abreast of the current financial position.

All expenditure included in the financial statements is incurred in accordance with Council's adopted budget or subsequent approval in advance.

STATUTORY ENVIRONMENT:

Section 34 of the *Local Government (Financial Management) Regulations 1996* provides:

34. Financial activity statement required each month (Act s. 6.4)

(1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail—*

- (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
- (b) *budget estimates to the end of the month to which the statement relates;*

and

- (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
- (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
- (e) *the net current assets at the end of the month to which the statement relates.*

(2) *Each statement of financial activity is to be accompanied by documents containing—*

- (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
- (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
- (c) *such other supporting information as is considered relevant by the local government.*

(3) *The information in a statement of financial activity may be shown—*

- (a) *according to nature and type classification; or*
- (b) *by program; or*
- (c) *by business unit.*

(4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be—*

- (a) *presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and*
- (b) *recorded in the minutes of the meeting at which it is presented.*

- (5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*

STRATEGIC IMPLICATIONS:

This item relates to the following component from the Shire of Jerramungup Community Plan 2021 – 2031; Implement systems and processes that meet our legal and audit obligations.

FINANCIAL IMPLICATIONS:

Expenditure for the period ending 31 July 2021 has been incurred in accordance with the 2021-22 budget parameters, which have been structured on financial viability and sustainability principles.

Details of any budget variation in excess of \$10,000 (year to date) follow. There are no other known events which may result in a material non recoverable financial loss or financial loss arising from an uninsured event.

WORKFORCE IMPLICATIONS:

There are no workforce implications for Council.

POLICY IMPLICATIONS:

AP3 – Regional Price Preference

FP1 – Accounting for Non-Current Assets

FP2 – Rates and Accounts Collection

FP3 – Investments

FP6 – Procurement of Goods and Services Policy

SUMMARY:

To advise Council on the information items for August 2021 including actions that have been undertaken in relation to decisions of Council and actions performed under delegated authority.

BACKGROUND:

There is no specific requirement to report on actions performed under delegated authority to Council. However, to increase transparency this report has been prepared for Council and includes actions performed under delegated authority for the month of August 2021.

CONSULTATION:

Internal, all officers that have been deemed responsible for enacting each Council decision has provided an update on its status.

COMMENT:

The Status of Council Decisions report is an important administrative tool used by the Shire to monitor the implementation of Council decisions. Any Council decision that has not yet been fully implemented will remain on the list until it has been completed.

Once the minutes of each Council meeting have been completed, the Executive Assistant uploads each decision of Council into the spreadsheet and allocates it to the relevant Shire office for actioning and comment. The spreadsheet is accessible by all relevant Shire officers.

The Shire enters into various agreements by affixing its Common Seal. The *Local Government Act 1995* states that the Shire is a body corporate with perpetual succession and a Common Seal. Those documents that are to be executed by affixing the Common Seal or signed by the Shire President and the Chief Executive Officer are reported to Council for information on a regular basis.

STATUTORY ENVIRONMENT:

Local Government (Administration) Regulations 1996

19. Delegates to keep certain records (Act s. 5.46(3))

Where a power or duty has been delegated under the Act to the CEO or to any other local government employee, the person to whom the power or duty has been delegated is to keep a written record of —

- a) how the person exercised the power or discharged the duty; and*
- b) when the person exercised the power or discharged the duty; and*
- c) the persons or classes of persons, other than council or committee members or employees of the local government, directly affected by the exercise of the power or the discharge of the duty.*

STRATEGIC IMPLICATIONS:

This item relates to the following component from the Shire of Jerramungup Community Plan 2021 – 2031;

Provide informed and transparent decision making that meets our legal obligations and the needs of our diverse community

Implement systems and processes that meet our legal and audit obligations.

FINANCIAL IMPLICATIONS:

There are no financial implications for this report.

WORKFORCE IMPLICATIONS:

There are no workforce implications for this report.

SUMMARY:

The purpose of this report is to place before Council an application from the Bremer Bay Sports Club for grant funding under the Community Sport and Recreation Facilities Fund (CSRFF) grants program for the redevelopment of the tennis courts at the Bremer Bay Sports Club. The Officer recommendation is that the application be supported.

BACKGROUND:

The CSRFF program provides Western Australian Government financial assistance, to community groups and local government authorities, for the development of basic sport and recreation infrastructure. The program aims to maintain or increase participation in sport and recreation with an emphasis on physical activity, through rational development of good quality, well-designed and well-utilised facilities. There are three main CSRFF funding streams applicable to Shire infrastructure projects being;

CSRFF Small Grants:

Small grants will be awarded to projects involving a basic level of planning. The total project cost for small grants must not exceed \$300,000. Grants given in this category must be claimed by 15 June in the relevant financial year.

Examples of small grant projects:

- Cricket pitch and practice wickets
- Storage upgrades
- Changerooms refurbishments
- Safety fences for sport and recreation facilities, i.e. ballistic sports
- Small floodlighting projects
- Court surface conversion
- Large scale dams, water collection systems and pipelines for distribution (maximum grant offered is \$60,000)
- Various planning studies to a maximum grant amount of \$25,000

CSRFF Annual Grants:

Annual grants will be awarded to projects with a planning and construction process that will be complete within 12 months and have a total project cost (exclusive of GST) of \$300,001–\$500,000. Grants given in this category must be claimed by 15 June in the next financial year.

Examples of annual projects:

- Upgrades to clubrooms/pavilions
- Large floodlighting projects

- Court or bowling green construction
- Reticulation system for a grassed playing field

Forward Planning Grants:

Forward planning grants will be given to the more complex projects that require a planning period of between one and three years. Grants in this category will have a total project cost (exclusive of GST) of over \$500,001 and may be allocated in one or a combination of the years in the next triennium.

Examples of forward planning grant projects:

- Multipurpose leisure/recreation centre
- Swimming pool – new or major upgrade including heating to allow increased use
- Construction of large synthetic fields
- Playing field construction
- Clubroom – new or major upgrade
- Large ablution block/change rooms

The CSRFF program is a \$12 million program. All three rounds are often oversubscribed and clubs may need to reapply on a number of occasions to be successful. Applicants must be either a local government authority or a not-for-profit sport or community organisation incorporated under the *WA Associations Incorporation Act 1987*.

Applications for CSRFF funding must be submitted to the Department of Local Government, Sport and Cultural Industries by 4.00 pm on 31 August 2021.

If supported by Council the Bremer Bay Sports Club will be resubmitting a grant under the CSRFF small grants.

The Shire facilitates this funding stream, by setting aside 2.5% of the previous year's rates towards individual community and sporting organisations, for projects that fit within the policy guidelines. Only one application has been received for this CSRFF small grants round and it was from the Bremer Bay Tennis Club. The application is to:

- Remove and dispose of the existing synthetic grass
- Repair, level and reseal base layer and install new synthetic grass surface over 5 courts
- Install basketball court line marking to court 5 for multipurpose use

The Bremer Bay Tennis Club is the only operating tennis club within the Shire of Jerramungup. The current surface was resurfaced in 2003 with an expected life of 10 years. The surface is now significantly deteriorated and has become a high risk to players.

CONSULTATION:

Bremer Bay Tennis Club

Department of Local Government, Sport and Cultural Industries

COMMENT:

At the Ordinary Meeting of Council held 18 November 2020 Council considered a request from the Bremer Bay Tennis Club for financial support to apply for grant funding under the CSRFF 2021/22 February Small Grants Round. Council decided to offer in principle support and authorise a cash contribution of up to one third of the total budgeted project to a maximum of \$75,000.

MOTION: OCM201108

MOVED: Cr Leenhouders

SECONDED: Cr Parsons

That Council;

- 1. Place the following priority on the proposed project to be submitted for CSRFF funding under the February 2021 Small Grants round:**

1) Bremer Bay Tennis Club

- 2. That Council authorise in-principle support and a cash contribution of up to one third of the total budgeted project to a maximum value of \$75,000 in the 2021/22 budget on the condition that the project is successful in achieving funding from the Department of Local Government, Sport and Cultural Industries.**

CARRIED BY AN ABSOLUTE MAJORITY: 6/0

Council was then presented with the Bremer Bay Sports Club CSRFF application at the Ordinary Meeting held 24 March 2021. Council assessed and ranked the CSRFF February Small Grants Round application as Priority 1. The application was then lodged with the Department of Local Government, Sport and Cultural Industries for consideration.

On the 29 June 2021 the Department of Local Government, Sport and Cultural Industries formally advised the Bremer Bay Tennis Club that their application for CSRFF support had not been successful on this occasion.

The Bremer Bay Sports Club will be resubmitting an application for the CSRFF July Small Grants round, if their application is supported by Council.

A revised breakdown of the proposed project budget (ex GST) is provided in the table below due to the increase in contractor costs, donated equipment to undertake the project and an increased contingency allowance;

| | |
|--|-------------------|
| Omni Pro Cool Plus synthetic grass installation | \$132,000 |
| A new layer of 25mm compacted AC7 asphalt | \$ 99,000 |
| Donated Equipment | \$ 17,550 |
| Shire contribution – Grader to level pad ready for asphalt | \$ 2,150 |
| Volunteer Labour | \$ 6,150 |
| Cost escalation | \$ 22,000 |
| Total | \$ 278,850 |

A revised breakdown of the proposed project funding (ex GST) is provided in the table below;

| | |
|--|-------------------|
| Shire of Jerramungup (cash and plant costs) | \$ 82,150 |
| Applicant cash | \$ 90,000 |
| Volunteer labour | \$ 6,150 |
| Donated equipment / drivers | \$ 17,550 |
| Accommodation provision & forklift to unload grass | \$ 3,000 |
| CSRFF Request | \$ 80,000 |
| Total | \$ 278,850 |

The project funding requested from each body has increased from the February CSRFF application due to the expenditure increasing for the project. The Tennis Club have also increased their cash contribution to the project by \$20,000 as a result of fundraising.

Council is now required to assess and rank the application for formal lodgement with the Department of Local Government, Sport and Cultural Industries.

STATUTORY ENVIRONMENT:

Nil

STRATEGIC IMPLICATIONS:

This item relates to the following component from the Shire of Jerramungup Community Plan 2021 – 2031; Maintain facilities that connect people, and promote an active and healthy lifestyle.

FINANCIAL/BUDGET IMPLICATIONS:

A sinking fund is established by setting aside revenue over a period of time to meet future capital expenses. The annual amount to be set aside is determined by the expected life of the asset using the formula:

- Expected cost of replacement (including inflation) divided by the expected number of years before replacement. For example, a club may set aside \$15,000 from club revenue each year to replace a \$150,000 synthetic surface in 10 years.

The responsibility for maintaining and operating a facility rests with the local government, the club or a combination of both. It is important that CSRFF applicants can demonstrate they can maintain the facility by developing a sinking fund for asset replacement.

Resurfacing of existing sporting surfaces is an example of a project where a sinking fund will be required following a successful application. Typically, synthetic sporting surfaces have a life of 7 to 10 years over which a facility owner/manager is expected to budget for the operation and replacement of the surface at the end of life via the development of a sinking fund and an annual contribution to the fund. The Bremer Bay Tennis Club will need to set aside a minimum of \$10,000 over 7 years and undertake additional fundraising throughout the years to cover the cost to replace the surface at the end of life.

Due to the updated quotes received to undertake the project the Bremer Bay Sports Club has requested an additional \$5,000 contribution from the Shire and requested assistance from the Shire's plant to level the pad ready for Asphalt.

The contribution requested from the Shire towards this project has increased to \$82,150 ex GST, if approved by Council the funds will be drawn from the Community Recreation Reserve, of which the Shire allocate 2.5% of rates towards.

The 2021/2022 adopted budget had a provision of \$75,000 set aside for this project. If Council approve the additional request for funding a budget amendment will be required for the additional expenditure of \$7,150 if the project is successful in achieving funding from the Department of Local Government Sport and Cultural Industries.

WORKFORCE IMPLICATIONS:

The Manager of Works will coordinate with the Bremer Bay Tennis Club to assist with the levels and to provide plant to prepare the pad ready for asphalt. It is anticipated that 20 hours will be required to undertake this work. The Bremer Bay Tennis Club have consulted with the Shire regarding this works.

Please complete the questions attached. This assessment is an important part of the CSRFF process and your answers to these questions assist the committee make their recommendations, even if you are the applicant. Please provide a summary of any attachments in your assessment, rather than referring to attachments or external documents such as Council Minutes.

1. Please confirm your contribution to the project, whether it has been formally approved (including financial year for which it is approved) and any conditions on the funding. If no funding has been provided, why not?

Council authorised in-principle support and a cash contribution of up to one third of the total budgeted project to a maximum value of \$75,000 in the 2021/22 budget on the condition that the project is successful in achieving funding from the Department of Local Government, Sport and Cultural Industries.

The funds will be drawn from the Community Recreation Reserve of which the Shire allocates 2.5% of rates annually to. Council requested that applicants for funding in CSRFF Small Grants Rounds inform Shire staff in advance of annual budget deliberations.

The Bremer Bay Tennis Club consulted with Shire Staff in 2020 and a report was presented to the Ordinary Meeting of Council held 18 November 2020 to seek financial support for the Bremer Bay Tennis Club to allow them to submit for grant funding under the CSRFF 2021/22 Small Grants Round.

2. A) *If a community group application: Do you believe the project is financially viable, including the applicant's ability to provide upfront contributions, ongoing payments and contributions to an asset replacement fund. Does council commit to underwriting any shortfalls as the ultimate asset owner?*

The courts were last resurfaced in 2003, over a number of years an amount of \$40,000 was ceded to the Sports Club for future redevelopment of the courts. The Bremer Bay Sports Club have approved an amount of \$35,000 for the project and the remainder of funds being \$55,000 will come from the Tennis Club. Once grant funding is approved the Tennis Club will transfer the remaining funds to the Sports Club. The Tennis Club financials have been reviewed and they have the funds available to ensure the project proceeds.

If there is a funding shortfall, the Tennis Club have a commitment from some tennis club members to provide short term loans to ensure project completion. The Tennis Club's commitment to establish a sinking fund will ensure that the surface can be replaced at the end of life in the future. This replacement will continue to allow volunteers and visitors to the club to spend more time enjoying their sport of choice.

3. Please provide any additional comments regarding this applications merit against the assessment criteria to support your project rating and ranking.

This project has demonstrated a high level of planning and club member involvement and is strongly supported by the Bremer Bay Sports Club and Council.

As a tourist destination, with a growing population Bremer Bay will continue to attract new members to the Bremer Bay Sports Club. Visitors seeking somewhere to play tennis are always welcomed and this would be lost if court surface replacement is not completed soon. The improved facilities would allow increased capacity for the tennis club to host more invitational days and competition with 5 courts available for the purpose.

The replacement will continue to allow volunteers at the club to spend more time enjoying their sport of choice. The Shire also envisages this project as having longer term outcomes by expanding recreation opportunities to the wider public and visitors to Bremer Bay. The replacement of the surface aligns with the Shire Jerramungup Community Plan 2021 – 2031; Maintain facilities that connect people, and promote an active and healthy lifestyle.
