12.2.3 MONTHLY FINANCIAL REPORT – DECEMBER 2025

Location/Address:	N/A
Name of Applicant:	N/A
File Reference:	N/A
Author:	Tamara Pike, Finance Manager
Responsible Officer:	Charmaine Wisewould, Deputy Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	17 February 2026
Attachments:	a) Monthly Financial Report for the Period Ending 31 December 2025
Authority/Discretion:	Information

SUMMARY:

For Council to note the statement of financial activity for the period ended 31 December 2025 as required by the *Local Government Act 1995* ('the Act').

Pursuant to section 6.4 of the *Local Government Act 1995* and regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* ('the Regulations'), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the Shire's financial performance in relation to its adopted/amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the Shire's financial performance on a year to date basis for the period ending 31 December 2025.

BACKGROUND:

At its meeting held 30 July 2025 (Minute No. OCM250708 refers), Council adopted the annual budget for the 2025/26 financial year. The figures in this report are compared to the adopted budget.

It should be noted that these reports do not represent a projection to the end of year position or that there are funds surplus to requirements. It represents the year-to-date position to 31 December 2025 and results from a number of factors identified in the report. There are a number of factors that influence any variances, but it is predominately due to the timing of revenue and expenditure compared to the budget estimates. The notes to the statement of financial activity identify and provide commentary on the individual key material revenue and expenditure variances to date.

The following detail is included in the financial report:

- The annual budget estimates.
- The operating revenue, operating income, and all other income and expenses.
- Any significant variations between year-to-date income and expenditure and the relevant budget provisions to the end of the relevant reporting period.
- Identify any significant areas where activities are not in accordance with budget estimates for the relevant reporting period.
- Provide likely financial projections to 30 June for those highlighted significant variations and their effect on the end of year result.
- Include an operating statement.
- Any other required supporting notes.

Additionally, and pursuant to regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 30 July 2025, Council adopted (Minute No. OCM250711 Officer Recommendation 4 refers) the following material variance reporting threshold for the 2025/26 financial year:

Officer Recommendation 4: That Council ADOPT a material variance level of 10% with a minimum \$10,000.00 variance for the 2025/2026 financial year for monthly reporting purposes.

CONSULTATION:

Internal consultation within the Finance Department and Council's financial records.

In accordance with section 6.2 of the *Local Government Act 1995*, the annual budget was prepared having regard to the Strategic Community Plan, prepared under section 5.56 of the *Local Government Act 1995*.

COMMENT:

The financial report contains annual budget estimates, actual amounts of expenditure, revenue and income to the end of the month. It shows the material differences between the budget and actual amounts where they are not associated to timing differences for the purpose of keeping Council abreast of the current financial position.

All expenditure included in the financial statements is incurred in accordance with Council's adopted budget or subsequent approval in advance.

STATUTORY ENVIRONMENT:

Section 34 of the *Local Government (Financial Management) Regulations 1996* provides:

34. Financial activity statement required each month (Act s. 6.4)

- (1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail—*
 - (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) *budget estimates to the end of the month to which the statement relates;*

and

 - (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
 - (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) *the net current assets at the end of the month to which the statement relates.*
- (2) *Each statement of financial activity is to be accompanied by documents containing—*
 - (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
 - (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
 - (c) *such other supporting information as is considered relevant by the local government.*
- (3) *The information in a statement of financial activity may be shown—*
 - (a) *according to nature and type classification; or*
 - (b) *by program; or*
 - (c) *by business unit.*
- (4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be—*
 - (a) *presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and*

(b) recorded in the minutes of the meeting at which it is presented.

(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

STRATEGIC IMPLICATIONS:

This item relates to the following component from the Shire of Jerramungup Community Plan 2021 – 2031:

Governance and Leadership

Authority/Discretion:	Information

SUMMARY:

For Council to note the statement of financial activity for the period ended 31 January 2026 as required by the *Local Government Act 1995* ('the Act').

Pursuant to section 6.4 of the *Local Government Act 1995* and regulation 34(4) of the *Local Government (Financial Management) Regulations 1996* ('the Regulations'), a local government is to prepare, on a monthly basis, a statement of financial activity that reports on the Shire's financial performance in relation to its adopted/amended budget.

This report has been compiled to fulfil the statutory reporting requirements of the Act and associated Regulations, whilst also providing the Council with an overview of the Shire's financial performance on a year to date basis for the period ending 31 January 2026.

BACKGROUND:

At its meeting held 30 July 2025 (Minute No. OCM250708 refers), Council adopted the annual budget for the 2025/26 financial year. The figures in this report are compared to the adopted budget.

It should be noted that these reports do not represent a projection to the end of year position or that there are funds surplus to requirements. It represents the year-to-date position to 31 January 2026 and results from a number of factors identified in the report. There are a number of factors that influence any variances, but it is predominately due to the timing of revenue and expenditure compared to the budget estimates. The notes to the statement of financial activity identify and provide commentary on the individual key material revenue and expenditure variances to date.

The following detail is included in the financial report:

- The annual budget estimates.
- The operating revenue, operating income, and all other income and expenses.
- Any significant variations between year-to-date income and expenditure and the relevant budget provisions to the end of the relevant reporting period.
- Identify any significant areas where activities are not in accordance with budget estimates for the relevant reporting period.
- Provide likely financial projections to 30 June for those highlighted significant variations and their effect on the end of year result.
- Include an operating statement.
- Any other required supporting notes.

Additionally, and pursuant to regulation 34(5) of the Regulations, a local government is required to adopt a material variance reporting threshold in each financial year. At its meeting on 30 July 2025, Council adopted (Minute No. OCM250711 Officer Recommendation 4 refers) the following material variance reporting threshold for the 2025/26 financial year:

Officer Recommendation 4: That Council ADOPT a material variance level of 10% with a minimum \$10,000.00 variance for the 2025/2026 financial year for monthly reporting purposes.

CONSULTATION:

Internal consultation within the Finance Department and Council's financial records.

In accordance with section 6.2 of the *Local Government Act 1995*, the annual budget was prepared having regard to the Strategic Community Plan, prepared under section 5.56 of the *Local Government Act 1995*.

COMMENT:

The financial report contains annual budget estimates, actual amounts of expenditure, revenue and income to the end of the month. It shows the material differences between the budget and actual amounts where they are not associated to timing differences for the purpose of keeping Council abreast of the current financial position.

All expenditure included in the financial statements is incurred in accordance with Council's adopted budget or subsequent approval in advance.

The lease has been drafted for a term of five (5) years, with a further term at Council's discretion, and an annual lease amount of \$5,200 per annum in accordance with Council's Resolution (*OCM250908 refers*).

STATUTORY ENVIRONMENT:

The disposition of local government property is governed by Section 3.58 of the *Local Government Act 1995*. The Act requires local governments to advertise the proposed disposition, including the details of the lessee, the consideration to be received, and an invitation for submissions from the public.

3.58. Disposing of property

(1) *In this section —*

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

(b) *the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.*

(3) *A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —*

(a) *it gives local public notice of the proposed disposition —*

(i) *describing the property concerned; and*

STRATEGIC IMPLICATIONS:

Provision of affordable, accessible childcare is vital for supporting working families and attracting new residents to the area. The presence of a childcare facility will contribute to the Shire's strategic objectives by enhancing liveability and supporting economic development.

This item relates to the following components from the Shire of Jerramungup Community Plan 2021 – 2031:

Deliver programs and services that bring people together and support community health and wellbeing.

Work with business community to attract investment, create jobs and support small business growth.

FINANCIAL/BUDGET IMPLICATIONS:

The financial implications for the Shire as identified in the 2025/2026 annual budget are significant. When the building was leased to a not-for-profit organisation, the Shire contributed \$3,500 annually towards its operation. However, with Skylar Early Learning being a private organisation, this annual contribution will no longer be payable. This change will result in a direct saving of \$3,500 for the Shire.

Additionally, the 2025/2026 annual budget did not recognise the proposed income of \$5,200 for the lease to Skylar Early Learning. This proposed lease will have an unanticipated revenue stream, which will positively impact the budget. The combined effect of these changes will improve the Shire's financial position by \$8,700 for the 2025/2026 financial year which will be highlighted in the budget review process that is currently underway.

WORKFORCE IMPLICATIONS:

There are no workforce implications applicable.

POLICY IMPLICATIONS:

Policy implications do not apply to this report and it is the opinion of the author that policy development is not required.

12.3.1 PROPOSED DWELLING AND OUTBUILDING – LOT 201 (17) MARY ROAD, BREMER BAY

Authority/Discretion:	Legislative

SUMMARY:

This report assesses a proposal for a new dwelling and an outbuilding on Lot 201 Mary Road, Bremer Bay. The proposal seeks approval to exceed the Planning Policy provisions for outbuildings regarding wall height, ridge height, and floor area.

The recommendation is for Council to approve Development Application P25-058 for a dwelling and outbuilding and associated works at Lot 201 (17) Mary Road, Bremer Bay.

BACKGROUND:

- Lot 201 Mary Road, Bremer Bay has an area of 640m² in area and is zoned Residential R15 under the Shire of Jerramungup Local Planning Scheme No.2 (the Scheme).
- The property is currently vacant.
- The property is surrounded by Residential zoned properties.

CONSULTATION:

As a departure from the adopted Outbuildings Local Planning Policy is proposed, the outbuilding was required to be referred to neighbouring landowners for comment. The consultation period closed on 12 February 2026, and one objection was received.

The objection was on the following grounds:

Issue	Planning Response
The proposed dwelling and shed appear disproportionately large for the site and the surrounding neighbourhood. The height of the structures are likely to dominate the streetscape. This is inconsistent with the established built form and may set an undesirable precedent for future development	The proposed Single house meets the R-Codes standards using averaging as permitted by the R-Codes.
The placement and height of the buildings may result in overlooking into neighbouring properties, reducing privacy and negatively affecting the amenity on nearby residents.	There is no potential for overlooking as the development is not raised.

If the shed is used for activities beyond residential storage - such as mechanical work, commercial use, or frequent vehicle movement - it may significantly disrupt the quiet enjoyment of neighbouring properties.	Conditions are applied to all outbuildings prohibiting commercial or industrial use.
<p>The proposed development appears inconsistent with several key planning considerations including:</p> <ul style="list-style-type: none"> • Setback requirements • Building height and bulk guidelines • Overshadowing and privacy standards 	<p>The Single house is compliant with the R-Codes.</p> <p>The outbuilding does exceed the setbacks and building height and size requirements.</p> <p>The proposed development complies with the overshadowing and privacy requirements of the R-Codes.</p>

COMMENT:Local Planning Policy 16 – Outbuildings

Council has adopted Local Planning Policy No 16 (the Policy). The objective of the Policy is:

- (a) To establish clear guidelines for the development of outbuildings in the Residential, Townsite, Rural Residential and Rural zones; and
- (b) To achieve a balance between providing for the various legitimate needs of residents for outbuildings, and minimising any adverse impacts outbuildings may have on neighbours, a street, a neighbourhood or locality, of the Shire as a whole.

The table below shows the applicable size requirements.

	LPP requirement	Proposed
Floor Area	90m ² max ¹ (up to two sheds) ¹ may support a maximum of 120m ² on lots exceeding 1000m ²	131.74m ² - 142.54 m ² with verandah
Roof Height	4.2m to apex	4.5m
Wall Height	3.6m	4.5m
Rear Wall Setback	1.5	1.0
Eastern Wall	1.5	0.3
Western Wall	1.1	1.0

As detailed above, the construction of the new outbuilding means that development would exceed that permitted as by right requirements of the Policy and therefore needs to be considered on its planning merits.

It is important that Council recognises that the Policy is a guideline only and each application still needs to be based on its individual merit. The main considerations in examining the proposed outbuilding are compliance with the Policy objectives, visual impact and streetscape.

The following rationale has been provided by the applicant in relation to the requested variation:

- The applicant wishes to use the shed for storage of large building items for the construction of their future home as they are based in Busselton and the travel between the two places is roughly five hours. The construction of this outbuilding will allow them to have adequate size and safe storage of these building materials as they are not located in the area full time.

- The proposed house plan shows that there is no garage attached to the house. This is the reason for the outbuilding being over the allowed 90m². The applicant has combined the garage for the house and the shed into one building. This will allow for the safe storage of their car and boat together inside the garage section, whilst allowing separate shed space.
- Items that the applicant will store in this outbuilding are a large boat, car, building materials and tools. They state that they wish to build this size outbuilding so that they can store these items inside to not be an eyesore to the neighbouring properties, to be safe from the weather and in a lockable space.
- The main reason the applicant purchased this land in Bremer Bay many years ago was to take advantage of the amazing fishing opportunities that are available in the region. The over height and length of the boundary wall (closer than the allowed 1.5m on the left hand side boundary) are due to the size of their boat, which requires a minimum 3.7m height clearance. Allowance is made to accommodate the room for the roller door drum as well.
- After speaking to their designer and reading through the Shire's Policy, the applicant has taken notes on the outbuilding problems stated on page 1 and have designed the shed to solve these issues. The outbuilding will only be used for domestic purposes. They have made sure the front elevation is not a bland metal clad structure that has no architectural features such as windows, verandahs etc.

The design shows they have incorporated a verandah to the front of the 'shed section' and have a window to the front elevation along with a sliding door for easy access into the shed area. The reasoning behind the window up the top is due to privacy in the shed. They do not want to compromise security of the shed, or for people to be able to look inside whilst they are not at the property. They are purely for aesthetics.

The applicant decided to incorporate these items into the design of the outbuilding so that the construction of a large outbuilding, prior to the house starting, does not impact on the visual character of the street and the neighbours, neighbourhood and scenic rural and coastal landscapes.

- The applicant advised that the proposed floor plan is still in the design phase with their draftsman, and is approximately 146m² of house. The total outbuilding area is 127m². The block size is 640m². Therefore, they are sitting at 42% site cover with both the shed and future house design, which complies with site coverage requirements as per the R-Codes of WA.

Council has the option to grant support for the oversized outbuilding, or alternatively, approve the dwelling and refuse the outbuilding due to its size.

Conclusion

The proposed outbuilding, while exceeding certain Policy provisions regarding wall height, ridge height, and floor area, is justified based on the Shire of Jerramungup Local Planning Policy No 16 Outbuildings and the statement "Residents of the Shire of Jerramungup have different needs to those in metropolitan Perth, therefore this Policy recognises the need to vary the usual Residential Design Code recommendations by increasing outbuilding space (areas and heights) for garaging of vehicles, storage of boats, caravans and other items, domestic workshops, games rooms, studios, stables, etc."

POLICY IMPLICATIONS:

Local Planning Policies are guidelines used to assist the local government in making decisions under the Local Planning Scheme and may address land use as well as development requirements. Although Local Planning Policies are not part of the Local Planning Scheme, they must be consistent with, and cannot vary, the intent of the Local Planning Scheme provisions. In considering an application for Planning Approval, the local government must have regard to a Local Planning Policy as required under Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

12.4.3 PROPOSED BUSH FIRE BRIGADES LOCAL LAW – RE-COMMENCEMENT

Location/Address:	N/A
Name of Applicant:	N/A
File Reference:	N/A
Author:	Niel Mitchell, Consultant
Responsible Officer:	Martin Cuthbert, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	2 February 2026
Attachments:	a) Draft Bush Fire Brigades Local Law 2026 b) Draft Bush Fire Brigades Local Law 2026 – Proposed Consolidation
Authority/Discretion:	Legislative

SUMMARY:

In accordance with the Local Laws Review presented to Council in August 2024, a draft Bush Fire Brigades Local Law has been prepared, based on that adopted by the Shire of Pingelly, and accepted by both Department of Fire and Emergency Services (DFES) and the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

This report is to commence the necessary statutory procedures for adoption of a new local law.

BACKGROUND:

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

As noted in the Review, the current local law is very out of date with various matters either not compliant with legislation or internally inconsistent.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to revoke the *Shire of Jerramungup Bylaws Relating to the Establishment, Maintenance and Equipment of Bush Fire Brigades* published in the Government Gazette on 13 July 1990, and make provisions for establishment, management and administration of Bush Fire Brigades in accordance with the *Bush Fires Act 1954*.

Effect – to align the requirements for bush fire brigades with legislation and local practice.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary JSCDL.

As required the draft was also submitted to DFES.

1. Department of Fire and Emergency Services Submission

The changes suggested by DFES, and any consequential amendments, have all been incorporated. The changes mostly related to punctuation, expansion of abbreviations or insertion of words to complete a title etc, mostly in the principal local law adopted by the Shire of Pingelly in 2023 and approved by both DFES and the JSCDL at that time.

Pingelly's local law does make some changes to the out-of-date WALGA model.

Despite the number of changes made, they do not affect intent or application of any clause and are therefore not considered to be significant. Changes other than punctuation included –

- delete abbreviations in favour of full text eg: replace FCO with Bush Fire Control Officer
- expand "Committee" to 'Executive Committee' for consistency throughout, etc.

2. Department of Local Government, Industry Regulation and Safety (DLGIRS) Submission

The DLGIRS submission noted –

The Shire's local law is a gazettal by reference, in the sense that it adopts the text of another local law by reference to its gazettal and then makes amendments to that local law.

While this method of creating a local law is still valid, it is generally considered archaic and confusing. If the Shire insists on using this method, it is recommended that the Shire keep a website copy of both the actual local law and the resulting local law.

The principal local law is lengthy, and it serves little purpose to adopt this local law in full. Particularly since any amendment local law (such as for the Parking and Parking Facilities Local Law) does not re-publish the full principal local law in the Gazette each time an amendment is made.

The comment of DLGIRS is noted, however, their suggestion is already a requirement of the *Local Government Act 1995* –

5.96A. Information published on official website

(1) The CEO must publish the following information on the local government's official website, unless it would be contrary to subsection (2) to do so –

...

(b) an up-to-date consolidated version of any local law made by the local government in accordance with section 3.12 that is in force;

...

Under this section, publication of only the adopting local law, whether it adopts by reference or is an amending local law, does not satisfy the legislative requirement, despite many local governments assuming that publication of the adopting local law and the unamended principal local law is compliant.

DLGIRS made no additional comment.

No change is recommended.

No public comment was received during the previous six week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

The WALGA model as it stands is considered deficient, although it is strongly supported by DFES.

Much shorter Bush Fire Brigade Local Laws have been previously accepted by DFES and JSCDL, but in recent years, JSCDL have not been prepared to accept significant changes to the model, and are supported in this by DFES. The JSCDL have entrenched their views in a report published by them in November 2023. Accordingly, to comply with the *Bush Fires Act 1954* requirement for a local law in relation to the roles and duties of captain and lieutenants, also means substantial compliance with the requirements of DFES and the JSCDL.

The local law does not address fire hazards, fire breaks etc. It is suggested that this be done by the preparation and adoption of a formal notice in accordance with the *Bush Fires Act 1954* s.33. A notice has all the effect and weight of a local law, and is actionable through infringements or court action if necessary.

The draft local law now presented to Council creates a consolidation essentially identical to that made by the Shire of Pingelly, which was accepted by the JSCDL without requirement for an undertaking. As well as local government name and date, several minor changes for local circumstances and as informally suggested by the DFES in submissions for other local governments, have been made.

The statutory process is the same for making, amending or revoking a local law –

- The text of the proposed local law must be approved by Council.
- Local public notice inviting public comment – minimum of six weeks (reduced period only if substantially in the form of the WALGA model).
- During this time, submit to DLGIRS and DFES.
- At the end of the public comment period, a summary of public comments and any changes recommended by the departments presented to Council for decision regarding those comments, and consideration of any changes to the draft local law.
- Final adoption of the amendment local law by Council.
- Publication in the Government Gazette.
- Local public notice to be given of the adoption, publication and commencement date of the local law.
- Submission of all necessary documents to the JSCDL for their review.

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six weeks. The notice is required to be published on the Shire's website and at least three other places.

Should significant amendments be made at time of final adoption, the statutory public comment period must be re-commenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

As noted in the Review, the current local law is out of date with various matters either not compliant with legislation or internally inconsistent. The current local law is now inconsistent with a number of legislative changes that have been made.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to make provisions about the impounding, the number that may be kept on premises, the manner of keeping dogs and create offences for non-compliance.

Effect – to repeal the existing Dogs Local Law published in the Government Gazette on 7 February 2003 and provide for the controls of dogs within the district and impose penalties for non-compliance.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

One change was to amend the general penalty from \$10,000 to \$5,000 for consistency with the *Dog Act 1976*.

No significant matters were advised and the minor changes notified are included in the amended draft. The changes did not affect intent or operation of the draft local law.

No public comment was received during the previous six week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

There are a number of matters that Council should be aware of –

(1) Terms used –

- (a) “the local government” – depending on the context, may mean the organisation, so that where a matter is administrative (a form, notice to the administration, etc) no delegation is required. However, where a decision is required, consistent with Department of Local Government Guidelines, it should be read as being the highest possible decision-making level, which is the Council. In line with the Guidelines these decisions may be delegated to the Chief Executive Officer unless specified.

There are important legislative and administrative differences between appointment as an authorised person and delegation of power.

- (b) “by resolution” – limits the decision to Council at a meeting, and cannot be delegated to the CEO, since it requires a resolution. This is consistent with the Department’s interpretation of the term “Council” to mean the elected members in session, and is not to be interpreted as being able to be delegated to CEO, nor to mean administratively.
- (c) Council, CEO or other specific position – the function, role or power cannot be removed from that position or role, nor over-ridden.
- (d) Authorised person / delegation – an authorised person’s function and actions are defined by the local law and is able to act within previously defined parameters. A delegation relates to a decision by a person who has been given the power to make a decision rather than the Council.
- (2) Use of policy to specify standards and activities. In accordance with the *Local Government Act 1995* s.2.7, policies are to be set by Council, not the CEO, who may still issue executive instructions. Care needs to be exercised since policy should be seen as instructions by Council to employees on what they may approve, or when to act. Policy should not be used as a direct control of the public, unless the necessary processes are undertaken.
- (3) Application of the local law –
- (a) the local law applies throughout the district, but then limits that application to land with specific zoning in clauses 3.2, 3.3 and 3.5.
- (b) Local Planning Scheme No.2 has a special use zoning. The provision of the local law will apply to the purpose of the approved use of the zone, as determined by an authorised person.

Comments in relation to specific Parts, Divisions or clauses –

- Preference throughout to use the term “authorised person” which requires only an appointment consistent with the *Local Government Act 1995* and can apply to a contract ranger etc, rather than “the local government” which requires a delegation of power to be made, and can only be given to an employee.
- Clauses 3.3 to 3.8 dealing with additional dogs – new provisions often dealt with as policy, but included within the local law for certainty and enforceability. Rural and rural enterprise zones are excluded from compliance.
- Part 4 dealing with kennels – while kennels can be managed directly under the *Dog Act 1976*, included within the local law for certainty and enforceability. The *Dog Act 1976* permits a maximum of six (6) dogs or lesser number as determined by Council, but more than six dogs require a kennel licence.
- Part 5 prohibited areas and exercise areas – these are now required to be set by absolute majority of Council and cannot be included in the local law. It is noted that concern in relation to a number of places was expressed in the public comment of the Local Laws Review, and if dogs in these areas are able to be controlled, it is suggested that any current policy be reviewed.

- Clause 6.2 – False or misleading statement applies if a decision has been made based on the incorrect information supplied. Not a common provision in local laws, but has been accepted by both DLGIRS and JSCDL.
- Cl.7.2 – recent *Local Government Act 1995* amendments permit a general penalty of up to \$10,000, with daily penalty remaining at \$500 per day. These amounts can only be applied by a Court and cannot be imposed at Council's discretion.
- Sch.1 – the recent Act amendments also permitted an increase of modified penalties (infringements) to 20% of the general penalty that is listed in the local law. Penalties are suggested on the basis of whether the offender is likely to be an individual or a business, health and safety risk or impact to the community etc. A penalty for Item 4 is unlikely to be accepted by the JSCDL.

The statutory process is the same for making, amending or revoking a local law –

- The text of the proposed local law must be approved by Council.
- Local public notice inviting public comment – minimum of six (6) weeks (reduced period only if substantially in the form of the WALGA model).
- During this time, submit to DLGIRS.
- At the end of the public comment period, a summary of public comments and any changes recommended by the departments presented to Council for decision regarding those comments, and consideration of any changes to the draft local law.
- Final adoption of the amendment local law by Council.
- Publication in the Government Gazette.
- Local public notice to be given of the adoption, publication and commencement date of the local law.
- Submission of all necessary documents to the JSCDL for their review.

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six weeks. The notice is required to be published on the Shire's website and at least three other places.

Should significant amendments be made at the time of final adoption, the statutory public comment period must be re-commenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.

12.4.5 PROPOSED DUST, SAND AND EROSION LOCAL LAW – RE-COMMENCEMENT

Location/Address:	N/A
Name of Applicant:	N/A
File Reference:	N/A
Author:	Niel Mitchell, Consultant
Responsible Officer:	Martin Cuthbert, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	2 February 2026
Attachments:	a) Draft Dust, Sand and Erosion Local Law 2026
Authority/Discretion:	Legislative

SUMMARY:

In accordance with the Local Laws Review presented to Council in August 2024, a draft local law has been prepared.

This report is to commence the necessary statutory procedures for adoption of a new local law.

BACKGROUND:

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

As noted in the Review, the current local law has a number of issues, including blanket application to the whole of the district, and also applying to local government activities. While appropriate provisions could be included in the proposed Animal, Environment and Nuisance Local Law, staff have expressed a preference that this local law remain separate.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to repeal the *Shire of Jerramungup Dust and Sand Local Law 2011* and make provisions about the control of dust and sand, and activities which may cause erosion on land and create offences for non-compliance.

Effect – to provide for the controls of activities creating a nuisance from dust and sand, and those which may cause erosion, and impose penalties for non-compliance.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

No significant matters were advised and the minor changes notified are included in the amended draft. The changes did not affect intent or operation of the draft local law.

No public comment was received during the previous six week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

A new local law is proposed, although the resolution from the Local Laws Review was to amend the current local law. When reviewing the current local law and preparing amendments, it was considered that given the number of the amendments and the changes in discretionary actions and separation of function of a Dust and Sand Management Plan (DSMP) and an Erosion Management Plan (EMP), that a replacement local law would be simpler and more straight forward.

There are a number of matters that Council should be aware of –

1. Terms used –

(a) “the local government” – depending on the context, may mean the organisation, so that where a matter is administrative (a form, notice to the administration, etc) no delegation is required. However, where a decision is required, consistent with Department of Local Government Guidelines, it should be read as being the highest possible decision making level, which is the Council. In line with the Guidelines these decisions may be delegated to the CEO unless specified.

There are important legislative and administrative differences between appointment as an authorised person and delegation of power.

(b) “by resolution” – limits the decision to Council at a meeting, and cannot be delegated to the CEO, since it requires a resolution. This is consistent with the Department’s interpretation of the term “Council” to mean the elected members in session and is not to be interpreted as being able to be delegated to CEO, nor to mean administratively.

(c) Council, CEO or other specific position – the function, role or power cannot be removed from that position or role, nor over-ridden.

(d) Authorised person / delegation – an authorised person’s function and actions are defined by the local law and is able to act within previously defined parameters. A delegation relates to the decision of a person who has been given the power to make a decision rather than the Council.

2. Application of the local law –

The local law applies throughout the district, but excludes the operations of the local government.

Comments in relation to specific Parts, Divisions or clauses –

- Preference throughout to use the term “authorised person” which requires only an appointment consistent with the *Local Government Act 1995* and can apply to a contract ranger etc, rather than “the local government” which requires a delegation of power to be made and can only be given to an employee.
- Clauses 2.3 and 2.4 – The local law separates development applications from dust and sand concerns from erosion issues. Discretion for an authorised person to require either or both a Dust and Sand Management Plan (DSMP), or an Erosion Management Plan (EMP), separate from a development application. The provisions for each are quite similar but are not identical.
- Not every instance of development needs a DSMP or EMP. A delegated person may also require a DSMP or EMP after development has commenced or has been completed.

- Clause 3.2 – False or misleading statement applies if a decision has been made based on the incorrect information supplied. Not a common provision in local laws, but has been accepted by both DLGSC and JSCDL.
- Clause 3.3 undertaking requirements of a notice where compliance has not occurred. This clause permits the local government to complete the requirements of a notice, subject to completion of the necessary process as per clause 3.1.
- Cl.5.2 – recent *Local Government Act 1995* amendments permit a general penalty of up to \$10,000, with daily penalty remaining at \$500 per day. These amounts can only be applied by a Court and cannot be imposed at Council’s discretion.
- Sch.1 – the recent Act amendments also permitted an increase of modified penalties (infringements) to 20% of the general penalty that is listed in the local law. Penalties are suggested on the basis of whether the offender is likely to be an individual or a business, health and safety risk or impact to the community etc. The statutory process is the same for making, amending or revoking a local law –
 - The text of the proposed local law must be approved by Council.
 - Local public notice inviting public comment – minimum of six (6) weeks (reduced period only if substantially in the form of the WALGA model).
 - During this time, submit to DLGIRS.
 - At the end of public comment, a summary of public comments and any changes recommended by the departments presented to Council for decision regarding those comments, and consideration of any changes to the draft local law.
 - Final adoption of the amendment local law by Council.
 - Publication in the Government Gazette.
 - Local public notice to be given of the adoption, publication and commencement date of the local law.
 - Submission of all necessary documents to the JSCDL for their review.

The statutory process is the same for making, amending or revoking a local law –

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six weeks. The notice is required to be published on the Shire’s website and at least three other places.

Should significant amendments be made at time of final adoption, the statutory public comment period must be re-commenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.

BACKGROUND:

There is no current local law dealing with the matters addressed by the draft.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to prescribe sufficient fences, the standard for construction of fences and create offences for non-compliance

Effect – to establish the minimum requirements for fencing, provide for permitted and prohibited fencing, and create offences for non-compliance.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

DLGIRS also noted –

The Joint Standing Committee on Delegated Legislation has expressed concerns regarding the use of Standards, as they are external documents which the public may not necessarily have access to.

While the Committee has been willing to allow Australian Standards in the past, this is subject to the following conditions:

- a. The local law must use the full and up to date citation of the Standard at least once, either in the clause that refers to it or a suitable definition.*
- b. The local law must specify if the Standard is applicable as of a certain date or alternatively “as amended from time to time”.*
- c. The Shire should ensure that a copy of the Standard is readily available either at the Shire’s office or some other location.*

To satisfy this requirement, other local governments have administratively placed the following statement on the local laws page of their website, once the local law has been Gazetted –

Australian Standards quoted in Local Laws

Australian Standards (AS) are sometimes quoted in local laws to provide the basis for industry standards for the matter to which it relates.

As noted in the local laws, these may be inspected at the Shire of Jerramungup Shire Offices, free of charge, during business hours.

Please note, these Standards are copyright to Standards Australia, and accordingly:

- *They are able to be discussed with the relevant employee in person or on the telephone; and*
- *They can be inspected free of charge at the Shire Office*
 - *If we don't hold a current copy of the relevant Standard, we will obtain it for you to view.*

Because of copyright, we will not:

- *Email quotes of text taken from the Standard; and*
- *Permit photocopying or photos to be taken on a mobile phone etc.*

Should you need a copy of the Standard please contact Standards Australia www.standards.org.au See their contacts page for an online enquiry form or telephone 1800 035 822 (free call) or 02 9237 6000 or post to GPO Box 476 Sydney NSW 2001.

The Standard does not have to be held at all times, but obtained for inspection when requested.

No significant matters were advised and the minor changes notified are included in the amended draft. The changes did not affect intent or operation of the draft local law.

No public comment was received during the previous six week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

There are a number of matters that Council should be aware of –

1. Terms used –

- (a) “the local government” – depending on the context, may mean the organisation, so that where a matter is administrative (a form, notice to the administration, etc) no delegation is required. However, where a decision is required, consistent with Department of Local Government Guidelines, it should be read as being the highest possible decision making level, which is the Council. In line with the Guidelines these decisions may be delegated to the CEO unless specified.

There are important legislative and administrative differences between appointment as an authorised person and delegation of power.

- (b) “by resolution” – limits the decision to Council at a meeting, and cannot be delegated to the CEO, since it requires a resolution. This is consistent with the Department’s interpretation of the term “Council” to mean the elected members in session, and is not to be interpreted as being able to be delegated to CEO, nor to mean administratively.
 - (c) Council, CEO or other specific position – the function, role or power cannot be removed from that position or role, nor over-ridden.
 - (d) Authorised person / delegation – an authorised person’s function and actions are defined by the local law and is able to act within previously defined parameters. A delegation relates to decision a person who has been given the power to make a decision rather than the Council.
2. Use of policy to specify standards and activities. In accordance with the *Local Government Act 1995* s.2.7, policies are to be set by Council, not the CEO, who may still issue executive instructions. Care needs to be exercised since policy should be seen as instructions by Council to employees on what they may approve, or when to act. Policy should not be used as a direct control of the public, unless the necessary processes are undertaken.
4. Application of the local law –
- (a) the local law applies throughout the district, but then limits that application to townsites or land with specific zoning in various Parts, Division or clauses, eg: clause 2.3(1).
 - (b) Local Planning Scheme No.2 has a special use zoning. The provision of the local law will apply to the purpose of the approved use of the zone, as determined by an authorised person.

Comments in relation to specific Parts, Divisions or clauses –

- Although reference is made in the local law to the *Dividing Fences Act 1961*, this Act has no local law making provisions, and so is not a head of power for the local law.
- The provisions are on the basis of the use of the land (zoning) not on whether in a townsite or not. The exception to this is in clause 5.3(3)(b) and (c).
 - o It is important to note that “townsite” is the area, but ‘townsite zone’ is the use.
- Preference throughout to use the term “authorised person” which requires only an appointment consistent with the *Local Government Act 1995* and can apply to a contract ranger etc, rather than “the local government” which requires a delegation of power to be made, and can only be given to an employee.
- Cl.2.4 – is an important clause allowing an authorised person to approve other than a sufficient fence, provided there is written consent between the adjoining owners. This does not extend to a dangerous fence or where one neighbour imposes on another. It also prevents one owner from requiring more than 50% of the cost of a sufficient fence, where one of a higher standard is built at the requires of one and with the consent of the other. The neighbours can agree on 50% each of the greater expense, but the person requesting cannot require it.
- Cl.5.1 – controls over barbed wire fencing are intended to have minimal impact on farming.
- Cl.5.2 – controls for electrified stock fencing are also as relaxed as possible for farming areas. There are conditions that have to be met.
- Cl.5.3 – controls over electrified security fencing require approval, other than in a rural zone. There are standards that are to be met, otherwise no approval for the rural zone is required.
- Cl.5.4 – razor wire fencing can only be approved in certain areas and by a person with delegated power to do so, not simply an authorised person.
- Part 6 – standard operation through all proposed new local laws.

- Cl.6.6 – False or misleading statement applies if a decision has been made based on the incorrect information supplied. Not a common provision in local laws, but has been accepted by both DLGSC and JSCDL.
- Cl.8.1 – are powers of the Council where non-compliance has occurred. This clause allows where the offender is known, to –
 - (a) Issue a notice to repair, pay for repairs or carry out works needed for compliance with the local law. Generally, if there is damage, it is suggested that paying for reinstatement or repairs is most appropriate as the local government would then control the standard of works.
 - (b) If the recipient of the notice does not comply with the notice, they can be infringed or prosecuted.
 - (c) The local government may carry out the works and recover the cost as a debt, applying interest to the outstanding amount if necessary, or taking legal action. This is consistent with the provisions of the *Local Government Act 1995* s.3.25 and 3.26 in relation to notices issued concerning Schedule 3.1 matters.
- Cl.8.1(5) – Entry onto private land has statutory requirements that must be complied with.
- Cl.8.2 – Recent *Local Government Act 1995* amendments permit a general penalty of up to \$10,000, with daily penalty remaining at \$500 per day. These amounts can only be applied by a Court and cannot be imposed at Council's discretion.
- Sch.1 to 3 – Requirements for a sufficient fence according to the zoning.
- Sch.4 – The recent Act amendments also permitted an increase of modified penalties (infringements) to 20% of the general penalty that is listed in the local law. Penalties are suggested on the basis of whether the offender is likely to be an individual or a business, health and safety risk or impact to the community etc.

The statutory process is the same for making, amending or revoking a local law –

- The text of the proposed local law must be approved by Council.
- Local public notice inviting public comment – minimum of six (6) weeks (reduced period only if substantially in the form of the WALGA model)
- During this time, submit to DLGIRS.
- At the end of public comment, summary of public comments and any changes recommended by the departments to Council for decision regarding those comments, and consideration of any changes to the draft local law.
- Final adoption of the amendment local law by Council.
- Publication in the Government Gazette.
- Local public notice to be given of the adoption, publication and commencement date of the local law.
- Submission of all necessary documents to the JSCDL for their review.

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six weeks. The notice is required to be published on the Shire's website and at least three other places.

Should significant amendments be made at time of final adoption, the statutory public comment period must be recommenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.

12.4.7 PROPOSED PARKING AND PARKING FACILITIES AMENDMENT LOCAL LAW – RE-COMMENCEMENT

Location/Address:	N/A
Name of Applicant:	N/A
File Reference:	N/A
Author:	Niel Mitchell, Consultant
Responsible Officer:	Martin Cuthbert, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	2 February 2026
Attachments:	a) Draft Parking and Parking Facilities Amendment Local Law 2026 b) Parking and Parking Facilities Local Law – Proposed Consolidation
Authority/Discretion:	Legislative

SUMMARY:

In accordance with the Local Laws Review presented to Council in August 2024, a draft Parking and Parking Facilities Amendment Local Law has been prepared.

This report is to commence the necessary statutory procedures for adoption of an amendment local law.

BACKGROUND:

The current local law, Gazetted in 2005, adopted the Parking and Parking Facilities Local Law of the Town of Cottesloe which was published in the Government Gazette on 10 December 2001.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to make amendments to the local law updating for use of disability parking permits, and modified penalties.

Effect – to amend references to be consistent with legislation and increase offences for non-compliance.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

Changes suggested by DLGIRS have all been incorporated. The changes related to –

- insertion of clause 2 to reference the principal local law;
- insertion of clause 7 to insert new clause 1.9 in the principal local law, requiring signs to be erected when a parking control decision is made, and amending the subsequent clause numbering; and
- grammatical or punctuation corrections.

In relation to new clause 1.9, DLGIRS noted –

Since the Shire’s parking local law was originally made, the Joint Standing Committee on Delegated Legislation has raised concerns with the possibility that local governments could change local laws by resolution without notifying the community.

To solve this issue, the JSCDL has requested a particular clause be added to parking local laws and it is suggested the Shire take the opportunity to do this as well.

DLGIRS also noted that the definition of “taxi” has been amended in the Road Traffic Code, and this change is addressed by the amended definition of “taxi” in the proposed local law.

No significant matters were advised and the minor changes notified are included in the amended draft. The changes did not affect intent or operation of the draft local law.

No public comment was received during the previous six week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

There are a number of matters that Council should be aware of –

3. Terms used –

- (a) “the local government” – depending on the context, may mean the organisation, so that where a matter is administrative (a form, notice to the administration, etc) no delegation is required. However, where a decision is required, consistent with Department of Local Government Guidelines, it should be read as being the highest possible decision making level, which is the Council. In line with the Guidelines these decisions may be delegated to the CEO unless specified.

There are important legislative and administrative differences between appointment as an authorised person and delegation of power.

- (b) “by resolution” – limits the decision to Council at a meeting, and cannot be delegated to the CEO, since it requires a resolution. This is consistent with the Department’s interpretation of the term “Council” to mean the elected members in session, and is not to be interpreted as being able to be delegated to CEO, nor to mean administratively.
- (c) Council, CEO or other specific position – the function, role or power cannot be removed from that position or role, nor over-ridden.
- (d) Authorised person / delegation – an authorised person’s function and actions are defined by the local law and is able to act within previously defined parameters. A delegation relates to the decision of a person who has been given the power to make a decision rather than the Council.

2. Application of the local law –

The local law applies throughout the district.

Comments in relation to specific Parts, Divisions or clauses –

- Terminology generally follows the usage in the local law adopted by reference, although several changes are proposed.
- New clause 7.7 to be inserted – False or misleading statement applies if a decision has been made based on the incorrect information supplied. Not a common provision in local laws, but has been accepted by both DLGIRS and JSCDL.
- Amended clause 8.1 – recent *Local Government Act 1995* amendments permit a general penalty of up to \$10,000, with daily penalty remaining at \$500 per day. These amounts can only be applied by a Court and cannot be imposed at Council’s discretion.

- Sch.2 – Increases to modified penalties.
- Sch.3 – Deleted since no provisions, and no reference through the amendment local law or text of the principal local law.
- Sch.4 – Noted as “Nil” to be clear.

The statutory process is the same for making, amending or revoking a local law –

- The text of the proposed local law must be approved by Council.
- Local public notice inviting public comment – minimum of six weeks (reduced period only if substantially in the form of the WALGA model).
- During this time, submit to DLGIRS.
- At the end of public comment, summary of public comments and any changes recommended by the departments presented to Council for decision regarding those comments, and consideration of any changes to the draft local law.
- Final adoption of the amendment local law by Council.
- Publication in the Government Gazette.
- Local public notice to be given of the adoption, publication and commencement date of the local law.
- Submission of all necessary documents to the JSCDL for their review.

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six weeks. The notice is required to be published on the Shire’s website and at least three other places.

Should significant amendments be made at time of final adoption, the statutory public comment period must be recommenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.

Authority/Discretion:	Legislative

SUMMARY:

In accordance with the Local Laws Review presented to Council in August 2024, a draft Animals, Environment and Nuisance Local Law has been prepared.

This report is to commence the necessary statutory procedures for adoption of a new local law.

BACKGROUND:

There is no current local law dealing with the matters addressed by the draft.

The *Local Government Act 1995* requires the following statements be made in the agenda and minutes of the meeting –

Purpose – to provide for the regulation, control and management of animals and the prevention of environmental damage and nuisances

Effect – to establish the requirements with which any person keeping animals, or undertaking activities that have the potential to impact the environment or create nuisance must comply.

Previously considered at the Council meeting held on 26 March 2025, it is suggested that the statutory process of the draft local law be re-commenced due to the extended delay in receiving advice from the Department of Local Government, Industry Regulation and Safety (DLGIRS). DLGIRS was advised on 5 May 2025, and comment was received on 23 December 2025. Re-commencement will avoid any timing issue that may be raised by the Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL).

No significant matters were advised and the minor changes notified are included in the amended draft. The changes did not affect intent or operation of the draft local law.

No public comment was received during the previous six (6) week submission period.

CONSULTATION:

Internal consultation with relevant employees.

COMMENT:

The purpose of this report –

- to allow the presiding person to give notice to the meeting of the proposal to make a new local law, in accordance with the requirements of the *Local Government Act 1995*;
- for Council to approve the proposed local law for public comment;
- for Council to give notice of the purpose and effect of the proposed local law; and
- to authorise the advertising of the proposed local law for public comment.

There are a number of matters that Council should be aware of –

1. Terms used –

- (a) “the local government” – depending on the context, may mean the organisation, so that where a matter is administrative (a form, notice to the administration, etc) no delegation is required. However, where a decision is required, consistent with Department of Local Government Guidelines, it should be read as being the highest possible decision making level, which is the Council. In line with the Guidelines these decisions may be delegated to the CEO unless specified.

There are important legislative and administrative differences between appointment as an authorised person and delegation of power.

- (b) “by resolution” – limits the decision to Council at a meeting, and cannot be delegated to the CEO, since it requires a resolution. This is consistent with the Department’s interpretation of the term “Council” to mean the elected members in session, and is not to be interpreted as being able to be delegated to CEO, nor to mean administratively.
- (c) Council, CEO or other specific position – the function, role or power cannot be removed from that position or role, nor over-ridden.
- (d) Authorised person / delegation – an authorised person’s function and actions are defined by the local law and is able to act within previously defined parameters. A delegation relates to the decision of a person who has been given the power to make a decision rather than the Council.
- (c) Use of policy to specify standards and activities. In accordance with the *Local Government Act 1995* s.2.7, policies are to be set by Council, not the CEO, who may still issue executive instructions. Care needs to be exercised since policy should be seen as instructions by Council to employees on what they may approve, or when to act. Policy should not be used as a direct control of the public, unless the necessary processes are undertaken.

2. Application of the local law –

- (a) the local law applies throughout the district, but then limits that application to townsites or land with specific zoning in various Parts, Division or clauses, eg: clause 2.3(1)
- (b) Local Planning Scheme No.2 has a special use zoning. The provision of the local law will apply to the purpose of the approved use of the zone, as determined by an authorised person.

Comments in relation to specific Parts, Divisions or clauses –

- Preference throughout to use the term “authorised person” which requires only an appointment consistent with the *Local Government Act 1995* and can apply to a contract ranger etc, rather than “the local government” which requires a delegation of power to be made, and can only be given to an employee.
- Clauses 2.4 and 2.5 dealing with cats – new provisions not in any other local law, and must comply with the *Cat Act 2011*. Rural and rural enterprise zones are excluded from compliance.
- Cl.2.6 – there are often members of the community willing to care for sick or injured animals. Keeping of native animals requires Departmental approval, which often contains restrictions or conditions.
- Part 4 Division 2 – applies throughout the district.
- Part 8 – standard operation through all proposed new local laws.
- Cl.8.15 – False or misleading statement applies if a decision has been made based on the incorrect information supplied. Not a common provision in local laws, but has been accepted by both DLGIRS and JSCDL.

- Cl.9.2, 9.3 and 9.4 are powers of the Council where damage, nuisance or other non-compliance has occurred. Similar to an infringement notice or a prosecution, these also rely on knowing the identity of the offender. These clauses allow, where the offender is known, to –
 - (a) Issue a notice to repair, pay for repairs or carry out works needed for compliance with the local law. Generally, if there is damage, it is suggested that paying for reinstatement or repairs is most appropriate as the local government would then control the standard of works.
 - (b) If the recipient of the notice does not comply with the notice, they can be infringed or prosecuted.
 - (c) The local government may carry out the works and recover the cost as a debt, applying interest to the outstanding amount if necessary, or taking legal action. This is consistent with the provisions of the *Local Government Act 1995* s.3.25 and 3.26 in relation to notices issued concerning Schedule 3.1 matters.
- Cl.9.5 – Entry onto private land has statutory requirements that must be complied with.
- Cl.11.2 – Recent *Local Government Act 1995* amendments permit a general penalty of up to \$10,000, with daily penalty remaining at \$500 per day. These amounts can only be applied by a Court and cannot be imposed at Council's discretion.
- Sch.1 – The recent Act amendments also permitted an increase of modified penalties (infringements) to 20% of the general penalty that is listed in the local law. Penalties are suggested on the basis of whether the offender is likely to be an individual or a business, health and safety risk or impact to the community etc.

The statutory process is the same for making, amending or revoking a local law –

- The text of the proposed local law must be approved by Council.
- Local public notice inviting public comment – minimum of six (6) weeks (reduced period only if substantially in the form of the WALGA model).
- During this time, submit to DLGIRS.
- At the end of public comment, summary of public comments and any changes recommended by the departments to Council for decision regarding those comments, and consideration of any changes to the draft local law.
- Final adoption of the amendment local law by Council.
- Publication in the Government Gazette.
- Local public notice to be given of the adoption, publication and commencement date of the local law.
- Submission all necessary documents to the JSCDL for their review.

Local public notice of a proposed local law requires that the community be given the opportunity to comment for a minimum of six (6) weeks. The notice is required to be published on the Shire's website and at least three other places.

Should significant amendments be made at time of final adoption, the statutory public comment period must be recommenced.

The JSCDL will not review the local law until after it has been formally adopted, Gazetted etc. The JSCDL reviews the local law, its effects and may recommend to Parliament that it be amended and request an undertaking, or that it be disallowed.
