**KEY INFORMATION**

▲ ▼ Indicates a variance between Year to Date (YTD) Actual and YTD Actual data as per the adopted materiality threshold.

Refer to Note 17 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

BASIS OF PREPARATION

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to these financial statements.

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

ROUNDING OFF FIGURES

All figures shown in this statement are rounded to the nearest dollar.

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2021 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

**SIGNIFICANT ACCOUNTING POLICIES**

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Current lease liabilities		14,789					15,100			
Non-current lease liabilities		16,372					1,273			
		31,161					16,373			

All lease repayments were financed by general purpose revenue.

**KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

#### KEY INFORMATION

##### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

##### Employee benefits

###### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

###### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

##### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

EXPLANATION OF MATERIAL VARIANCES**

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.  
The material variance adopted by Council for the 2021-22 year is \$10,000 or 10.00% whichever is the greater.

Reporting Program	Var. \$	Var. %	Timing	Explanation of positive variances		Explanation of negative variances	
				Permanent		Timing	Permanent
	\$	%					
<b>Revenue from operating activities</b>							
Governance	18,785	0.00%	▲	Australia day grant			
General purpose funding - other	1,259,215	188.92%	▲	Additional WA Local Govt grant and early part payment of 22/23 grant \$1,169,701			
Law, order and public safety	(50,654)	(14.54%)	▼				MAF project carrying over into 22/23 and grant funds of \$70K will be received in 22/23
Recreation and culture	(254,229)	(64.24%)	▼				Club loan treatment \$90K. GSCORE funding project carry over into 22/23 \$22K. Insurance claim carry over into 22/23
<b>Expenditure from operating activities</b>							
Law, order and public safety	161,472	17.68%	▲	Fire fighting expenses lower than predicted due to DFES incurring cost for the Bremer Bay and Jerramungup bushfires. MAF project will continue on and carry over to next financial year. To date \$94k spent of \$141K project. Contractor currently undertaking more work on Point Henry Strategic firebreak network.			
Education and welfare	19,481	24.50%	▲	Maintenance on Daycare buildings lower than budget			
Housing	27,905	22.91%	▲	Maintenance on houses less than budget			
Community amenities	251,729	16.16%	▲	Works provision for contractors under budget for BB transfer station and Jerramungup transfer station. \$25K provision in budget for fencing around sewer pond at end of Derrict St. This project will be carried over as the fencing is being claimed under insurance due to the Bushfire on Feb 11. Consultant provision for town planning under budget predictions. Sale of the MoD vehicle did not occur this financial year due to delays in delivery of new vehicle. Employee costs relating to Town hall & Roe Park less than predicted. Installation of doors on the Lions park toilet block not required. Due to contractor shortages the provision for building maintenance activities on Short beach toilet & Millers Point toilet will need to be factored into the 22/23 budget. Timing of Regional landfill facility invoice.			
Recreation and culture	273,288	18.71%	▲	Budget had allocated \$90K to Boxwood Sports club to cover the Club's shortfall until their funding had been received for the facility upgrade, however the short term borrowing was not booked as an expense, it was booked as a loan(asset). Budget factored employee costs & chemicals to be booked to swimming pool. As the project has only just been been completed there will be minimal expenses booked to this account resulting in a variance of approximately \$60K. Safety fencing at BB skate park not occurring this financial year and works provision for contractors under budget prediction. Budget had allocated \$33K as the Shire's contribution towards the GSCore funding application to upgrade signage on Shire walk trails. To date this project has not received funding, funds will need to be factored into the 22/23 budget.			
<b>Investing activities</b>							
Proceeds from non-operating grants, subsidies and contributions	(2,150,138)	(33.32%)	▼	Due to road project underspends Roads to recovery income down by \$239K and Main roads by \$51K. Timing of grant funds for LCRI, DOT(boat ramp)\$375K, BBRF(Pool)\$994K as carry over into 22/23			
Proceeds from disposal of assets	(109,000)	(78.66%)	▼				As Executive vehicles and grader did not arrive no vehicles sold
Payments for property, plant and equipment and infrastructure	1,956,860	23.06%	▲ Timing	Jerramungup Daycare flooring, Fibre link to Jerramungup, Bremer Bay Footpaths & Bremer Bay stormwater projects will carry over into 22/23. Road construction jobs for Cowalellup road, Swamp Road, Meechi Road, Java Sea Road and Mooreshead(Memorial section) will not be completed this financial year. Two Executive vehicles and grader purchase will carry over into 22/23 as still waiting on delivery of the vehicles. Jetty and pool construction costs carry over into 22/23			
<b>Financing activities</b>							
Transfer from reserves	(200,777)	(44.38%)	▼				Building transfer of \$184K was not required
