To whom it may concern

We wish to build an aircraft hangar on Private Land owned by Astoria Pty Ltd.

We will be leasing the land from Astoria Pty Ltd for the purpose of building the hangar.

We propose in the area on the attached map we would like to build a hangar which measures 40m length by 21m width, height 5.5m.

We plan to install 2 x 50,000 litre water tanks either side of the hangar set up with hoses for bushfire protection.

We plan to clear the land with ample clearance around the hangar. We wish to make a change to the fence in front of the hangar and make it a wire gate.

Regards

Andrew & Trisha Twine
